

## VIRGINIE CHAPRON DU JEU APPOINTED CHAIR OF NOVETHIC

**Virginie Chapron du Jeu, Director of Finance at Caisse des Dépôts, became the new Chair of Novethic on 1 October 2016, replacing the former Chair, Jean-Pierre Sicard, who founded the firm in 2001. Anne-Catherine Husson-Traore, CEO, remains in charge of day-to-day operations.**

Virginie Chapron du Jeu has held a series of finance roles since joining Caisse des Dépôts in 1989. In her current position, as in her previous role as Director of Investments and Accounting in the Pensions and Solidarity Division, she is heavily involved in responsible investment. This makes Virginie the ideal fit for Novethic, with responsible investment, climate change and green finance central to the firm's expertise.

Over the past 15 years, under Jean-Pierre Sicard's leadership, Novethic and its website have evolved into key sources of social economy information and insights. Novethic's publications and research are read by 150,000 key decision-makers.
